Sanatan Vedic Hindu Dharma transcends the conventional definition of religion. Unlike religions such as Christianity, Islam, or Judaism, which are centered on one God, one book, and one belief system, Sanatan Dharma embraces pluralism and polytheism. It is not confined to any single doctrine or sect but allows for diverse faiths, beliefs, and practices. This inclusive nature is reflected in its vast body of scriptures, including the Vedas, Upanishads, Brahmanas, Puranas, and Smritis, which collectively encompass over 10 million texts available in various languages across India and beyond.

Sanatan Dharma is a holistic way of life that offers complete freedom and independence. Its ancient educational systems, such as Gurukul Shiksha, Family Shiksha, and Samaj Shiksha, are fundamentally different from the educational frameworks of other religions. Students of Sanatan Vedic Hindu Dharma engage with a wide array of literature, cultures, and philosophies, cultivating a deep understanding of its principles through a holistic approach to education and knowledge-sharing.
